Explore:

- Review the [Undergraduate Catalog](#)
- Consult the [Curricular Plan](#) for your major
 - Recommended 8 semester sequence of courses to help you plan and finish your degree in four years
- Review your [HUB Academic Advising Report/Academic Requirements](#)
 - Use this tool to track and plan your progress to degree completion. Check this report every semester to ensure you're making successful progress
- For students entering Fall 2016 and later: Course options for the UB Curriculum Pathway courses can be explored using the [Path Finder](#) tool
 - This tool allows you to determine valid UBC Pathways
- If you are undecided or consider changing your major, use the [What-If Report](#)
 - This tool allows you to see how your completed and planned courses satisfy requirements in other majors/minors

Prepare:

- Find your academic advisor using the [HUB Advisor Portal](#) or [Advising Directory](#)
- Check your [enrollment date](#)
 - Your enrollment date lets you know what date and time you can register for classes in HUB
- Contact your academic advising unit to schedule an advising session at least 2 weeks before your enrollment date
- Use the information from "EXPLORE" section to select your courses and to complete the:
 - [Path Finder](#) tool (students entering Fall 2016 and later)
 - Pathway courses you select and save to HUB will be automatically added to your HUB planner
 - [HUB Planner](#)
 - Plan out your four year curriculum using the HUB planner, you can add courses via the catalog or your advising report

Review:

- Resolve any [holds](#) that you have on your account
 - Some holds will prevent you from registering for the next term
- Attend Advising Session- review your short and long-term plans with your advisor
- Update your HUB Planner or UBC Pathfinder tool courses if needed after consulting with your advisor

Enroll:

- Use [Schedule Builder](#) to select your optimal schedule
 - Select schedule and push course choices to HUB Shopping Cart
 - Ensure there are no errors in what you are planning to enroll in and that courses are open
- Finish [Enrolling](#) in HUB
- [View/print your schedule](#)
