

Plan:

- Does your major feel right? Are you undecided or open to other majors? Review the many academic programs in the [Undergraduate Catalog](#)
- Consult the **Curricular Plan** for your major or others that you might consider, and start planning ahead now
- Explore UB Curriculum [Pathways](#) options which allow you to expand your interests and connect other disciplines to your major
 - Learn how to get started with Path Finder tool now by clicking [here](#)
 - Pathway courses are saved to HUB in you [Planner!](#)
- Review your [HUB Academic Advising Report/Academic Requirements](#)
 - Use this tool to track and plan your progress to degree completion. Check this report every semester to ensure you're making successful progress. **The Registrar uses this report as the official record for Degree Conferral.**
- If you are undecided or considering other majors, visit <http://advising.buffalo.edu/choose>
 - Then, use the [What-If Report](#) in HUB to see how completed classes might fulfill requirements for a different major
 - And, find the advisor for the new major(s) you are considering in the [Advising Directory](#).

Connect:

- Find your academic advisor using the [HUB Advisor Portal](#)
 - Contact your advisor/advising unit to schedule an advising session at least 2 weeks before your enrollment date
 - Discuss your short and long term plans with your advisor
- Get on the computer and practice using the tools to assist with planning and registration for next term and all four years
 - For example- the [Schedule Builder!](#) Push courses from Planner to Schedule Builder for the current semester; create the most optimal schedule
- With the office(s) related to any [HOLDS](#) you may have as MOST holds will prevent you from registering for the next term (BIL; ADV; NUS; ADM)

Register:

- **Know your enrollment date** (the date and time you can register for classes in HUB- based on earned credits)
- Jump right to your Shopping Cart
 - ...If you've already planned a schedule of classes using Schedule Builder
 - Check to ensure course availability the moment before you intend to enroll
- Or start with the HUB "Enroll" tab:
 - Individually search for courses and put in Shopping Cart or...
 - Import complete schedule of courses and times from Schedule Builder to Shopping Cart
- Finish [Enrolling](#) in HUB (pay attention to error reports)
- [View/print your schedule](#) (check back first week of classes as rooms may be changed)

Don't forget!

❖ Monitoring your progress is an important component of achieving your goals and being successful as a UB student and beyond.

- Many of the tools mentioned above (My Academic Requirements; My Planner; Catalog; Advisor) not only help you prepare to register but can also help you monitor your progress.
- Consider the following metrics as standard guidelines to... 
 - Credits earned: **15**/semester or **30**/year
 - **GPA** (grade point average)- required for continuation in or admission to most majors; specific to major; pre-requisite courses
 - Admitted to major/upper-division by **60** credits
- Check out the year-to-year Roadmap for Success in the 3 realms of: **Achievement; Engagement; and Destination**.
 - More at: <http://advising.buffalo.edu/succeed/ontrack.php>
- Be aware of continued eligibility requirements for State and Federal Financial Aid
