Look at the tracks, majors and concentrations below. Circle the track and top 5 majors you are most interested in learning more about.

Track 1
Computer, Engineering, Mathematics & Natural Sciences Track
Student Strengths: Mathematics, Sciences and Analytical Ability

Track 2
Arts, Music & Design Track
Student Strengths: Communicating Conceptual Ideas Visually, through Performance, Sound or Designing Physical Environments

Track 3
Health & Laboratory Sciences Track
Student Strengths: Mathematics, Sciences, Laboratory Sciences and Analytical Ability

Track 4
Humanities, Cultures & Languages Track
Student Strengths: Written and Oral Communication, Comprehension, Critical Thinking, Research and Analyzing

Track 5
Social & Behavioral Sciences Track
Student Strengths: Written and Oral Communication, Global Perspective and Cross-Cultural Understanding, Mathematical, Statistical and Computer Methods to Analyze and Interpret Data

NOTE: UB offers SPECIAL STUDIES - BA, BS ... The possibility to create your own individualized major.

Further information on UB majors, including Finish in 4 Curricular Plans to ensure timely acceptance to a major by no later than 60 credits completed, visit the Undergraduate Degree & Course Catalog - https://catalog.buffalo.edu.
Approved Minors & Other Programs

Speech & Hearing Science
Statistics
Studio Art
Theatre

CERTIFICATE PROGRAMS
Certificate programs consist of a group of courses that focus on an area of specialized knowledge. They cannot be awarded without the completion of a Bachelor’s degree at the University at Buffalo.
Creative Writing
Data Intensive Computing
Game Studies
Journalism

MICRO-CREDENTIALS AND DIGITAL BADGES
Micro-credentials are smaller than a minor, certificate or degree program. They equip learners with digital badges that showcase students’ knowledge and skills relevant to their academic or professional goals. For a list of credit and non-credit micro-credentials and digital badges visit: buffalo.edu/micro-credentials.

PRE-PROFESSIONAL SERVICES
Admission into professional schools generally requires an undergraduate (Bachelor’s) degree in any field of study. The prehealth and pre-law advisors educate students on how to properly prepare and assist students with the application process.

Prehealth - Pre-Chiropractic, Pre-Dental, Pre-Medical, Pre-Optometry, Pre-Physician Assistant, Pre-Podiatry and Pre-Veterinary

Pre-Law

COMBINED DEGREES, 4+1, 3+3 and 3+2 PROGRAMS
Combined degrees, 4+1, 3+3 and 3+2 programs offer students the opportunity to pursue their educational objectives at an accelerated pace and are designed for students who have demonstrated exceptional promise. Some combined undergraduate and graduate degree programs result in the awarding of a single combined degree that joins specific programs or disciplines from two degree levels. Also, some combined degrees will not qualify students for licensure if licensure is based upon the complete undergraduate curriculum. The 4+1, 3+3 and 3+2 programs award a 4-year undergraduate degree and a graduate degree.

Biological Sciences - BA/MS
Biological Sciences/Dentistry - BS/DDS
Biological Sciences/Pharmacy - BS/PharmD
Biomedical Engineering - BS/MS
Biomedical Sciences/Pharmacy - BS/PharmD
Business Administration - BS/MBA
Chemical Engineering/Business Administration - BS/MBA
Chemistry/Pharmacy - BA/PharmD
Civil Engineering/Business Administration - BS/MBA
Computational Physics/Physics - BS/MS
Computer Science - BS/MS
Economics - BA/MA, BA/MS
